☐. This review is in support of Idealist Mission S018E, scheduled for 27 March 1968, and is in compliance with this office's responsibilities as set forth in the reference.

2. A review of the proposed route reveals the probability that no air defense reactions will be encountered. Cambodia has no MIG-21 or equivalent high-performance aircraft, and no SAM threat is anticipated. SAM associated signals have been reported intercepted from Cambodia but not from the border area. There has been no firm evidence of SAMs in Cambodia.
